PROFILE SUMMARY

Motivated B.Tech Computer Science and Business Systems student with a background in full-stack development and project coordination. I am eager to apply my technical and analytical skills to solve real-world problems and contribute to a growth-oriented organization.

EDUCATION

JCT College of Engineering and Technology

B.Tech Computer Science with Business Systems (pursuing)

St. Aloysius Higher Secondary School, Elthuruth

Electronic science (90%), 2021-2023

Lourde Matha EMHSS, Cherpu

SSLC (95%), 2021

PROJECT

Appointment Booking System (ShanuDigiCore)| [Python/Django, HTML, CSS, JavaScript]

- Developed a customer-facing appointment booking platform, enabling users to schedule services remotely and eliminating the need for physical visits.
- Designed a streamlined booking workflow that improved operational efficiency and user convenience by automating scheduling and reducing shop wait times.

INTERNSHIP

Cyborg AI Gen Automation

- Gained hands-on experience in Data Science and Machine Learning by implementing predictive modeling techniques and performing data analysis on real-world datasets.d Machine Learning
